Communications in High Definition.

Now more than ever organizations are seeking cost-saving alternatives to improve efficiency. Business is global. Work teams are dispersed. Customers and partners are distributed around the world. To be successful you need to be present.

Companies are having to do more with less. Budgets are reduced while productivity expectations are increased. The business environment demands accelerated development cycles. Mandates are being implemented to reduce carbon footprint. With the changing environment traditional ways of doing business don't scale. Smart companies are deploying video communications as a critical lever in today's environment.

Experience is Everything.

High Definition has changed the face of video communications, enabling an experience as authentic as if you're physically sitting in the same room. Now with HD, organizations can truly realize the promise of video communications.

- Higher productivity, better engagement
- Increased interaction
- Reduced travel – saving time, saving money
- Less time out of office, more time making decisions
- Reduced carbon emissions

The LifeSize Difference

LifeSize pioneered high definition video communications. We harnessed the power of HD to deliver the most engaging communications experience – ever. Delivering life-size, immersive HD in all solutions. The flexibility to easily implement and manage the HD experience anywhere. Price performance levels that enable the HD experience everywhere. The result – demonstrable, accelerated ROI.

How are we different? We designed a revolutionary architecture purpose-built for high definition video communications. Using the most advanced technology, elegantly integrated into a compact, efficient form factor, LifeSize delivers the ultimate in quality, flexibility and price performance.

Superior Quality

Stunning high definition video allows you to see every movement, every gesture. Crystal clear HD audio to hear every word, every intonation. The easy to use, intuitive interface invites interaction, encourages use. Dramatically increased usage means enhanced communications, greater productivity.

Unique Flexibility

LifeSize systems are suited to any environment. Easily deployed on any IP network, LifeSize solutions have been proven to deliver the best bandwidth/performance in their class. No costly network build out required. No expensive additional equipment to buy.

Unmatched Price Performance

All of this, priced for broad deployment. No hidden costs. With the lowest acquisition cost, and lowest total cost of ownership, LifeSize makes HD video communications accessible – a natural extension to today's communications environments.

All HD. Easy to use. Feature rich to fit the needs of any application. Every LifeSize video communications system delivers high definition audio and video, and integrated data sharing across any IP network. Standards-based and interoperable, LifeSize systems are easily and seamlessly integrated into existing environments and reliably managed with LifeSize Infrastructure and Management solutions. Experience LifeSize HD.

Seeing is Believing.

Telepresence on Your Terms.

LifeSize® Conference™ Series

LifeSize Conference is telepresence for your environment. It starts with a superior foundation – all HD – the essential building block to deliver the telepresence experience. Stunning HD video, life-size images, natural eye contact. HD audio so crisp, clear and precise you can hear a pin drop.

Unique flexibility allows you to achieve telepresence in any room. Supporting multiple displays, multiple cameras and requiring just 1/3 the bandwidth of other telepresence solutions, LifeSize Conference can be deployed on any IP network.

Unmatched price performance – uniquely LifeSize – makes telepresence accessible beyond the fixed telepresence suite. Enable executives, knowledge

workers and distributed teams around the world to experience the power of LifeSize Conference: LifeSize Conference 200 delivers telepresence in Full HD 1080p30, and 720p60 for ultimate quality and motion handling. LifeSize Conference supports True HD 720p30 for an immersive telepresence experience.

Connect. Control. Manage.

Expand your multipoint calls, bridge legacy ISDN networks, traverse firewalls and securely manage your HD network. LifeSize Infrastructure and Management systems extend and control your communications network.

Centralized Control at your Fingertips.

LifeSize® Control™ provides secure, real-time management, scheduling, reporting, remote software upgrades and provisioning. Open and standards-based, LifeSize Control manages heterogeneous video networks, seamlessly integrating into existing network environments.

Multipoint Control Unit	Gateways	NAT and Firewall Traversal	Gatekeeper
LifeSize® Multipoint™ connects multiple sites in HD. Enable desktop video users to participate in conferences with LifeSize® Multipoint Extension™.	LifeSize® Gateway™ enterprise-class HD gateway for ISDN to IP network connectivity. LifeSize® Networker™ is the ideal gateway for smaller networks.	LifeSize® Transit™ network address translation and firewall traversal enables secure video calls within and across the enterprise.	LifeSize® Gatekeeper™ provides intelligent management of IP telephony and video communications networks.

Investment Protection.

LifeSize® Assurance Services™ provide a core suite of services designed to help you select, design, install and maintain your LifeSize video communications network.

Assurance Services protect your technology investment and extend the life of your products, delivering ease of management and maximum ROI. From pre-sales evaluation and installation services, to ongoing technical support, LifeSize Assurance Services extend the superior quality of experience you've come to expect from LifeSize.

LifeSize Assurance Services include a range of services to meet the needs of any organization. Extend and protect the LifeSize HD experience with LifeSize Assurance Services.

LifeSize Communications

LifeSize pioneered High Definition video communications to enable people at a distance to communicate as clearly, as naturally, as effectively as being physically present in the same room. Our commitment to superior quality, unique flexibility and unmatched price performance enable the benefits of video communications to be realized by organizations of any size.

LifeSize is relied upon around the world by Fortune 500 companies, small businesses, education and healthcare organizations and government agencies to enable effective, productive communications. Experience communications in high definition. LifeSize High Definition Video Communications.
